COUNCIL AGENDA: 5-6-03
ITEM: 6.2

CITY OF SAN JOSE
CAPITAL OF SILICON VALLEY

Memorandum

TO: HONORABLE MAYOR AND CITY COUNCIL

FROM: Deanna J. Santana

SUBJECT: SEE BELOW

DATE: May 1, 2003

Approved

Date 5-1-03

SUBJECT: DISCUSSION ON FY 2002-2003 SLURRY SEAL PROJECTS BY COUNCIL DISTRICTS

At the April 29, 2003 Council meeting, Council approved the award of the FY 2002-2003 Slurry Seal Project. During discussion of the item, Council requested that staff provide a list of proposed projects by Council District and that the issue return to Council on May 13, 2003 so that Councilmembers could discuss their concerns, if any, about the list of projects. On April 30, 2003, staff provided by Information Memo a list of projects by Council District.

A copy of the Information Memo is attached for your reference.

SENT TO COUNCIL: Forwarded on: APR 30 2003 by Council Liaison's Office

Memorandum

TO: HONORABLE MAYOR AND CITY COUNCIL

FROM: James R. Helmer

SUBJECT: **SLURRY SEAL AWARD 2003 & COUNCIL REFERRAL 10-1-02-6.1**

DATE: 04-29-03

Approved

Date 4/29/03

INFORMATION

Last Fall, the City Council approved a recommendation to award the Remove and Replace Asphalt Concrete 2002 project to prepare certain streets for a slurry seal surface treatment in 2003. The project would remove deteriorated pavement sections on approximately 45 miles of arterial streets, which were in good enough condition to make slurry seal an effective treatment after a limited amount of asphalt removal and replacement. Streets were selected using street condition and maintenance scheduling data from the City's Pavement Management System, field investigations, and timing with other projects to most effectively preserve the overall street network with available funding. The Remove and Replace Asphalt Concrete 2002 project has been completed and the streets are ready for a slurry seal application. The Slurry Seal 2003 project has been advertised and a report on bids and award recommendation is on the City Council agenda for April 29, 2003. Attached is a list of streets for the Slurry Seal 2003 project.

During award of the Remove and Replace Asphalt Concrete 2002 project, the City Council inquired about the streets up for award, and other streets in need of removal and replacement work. The City Administration annually has reported to a City Council committee on the status of the Street Maintenance Program, including identifying the condition of streets and those in need of extensive repair. In May 2003, a report describing the overall status of the Street Maintenance Program and the condition of the network will be presented to the Building Better Transportation Committee.

JAMES R. HELMER
Director of Transportation
