

# Memorandum

**TO:** City Council and  
Redevelopment Agency Board

**FROM:** Ron Gonzales, Mayor

**SUBJECT:** City Council and Redevelopment  
Agency Committee Appointments

**DATE:** January 10, 2005

Approved

Date

1/10/05

## RECOMMENDATION

That the City Council approve the recommended committee appointments listed in Attachment A for the coming year.

## BACKGROUND

My goal is to match Councilmembers' citywide, district, and policy interests and experience as much as possible with their assignments to committees, balance the workload among Councilmembers, and provide opportunities for developing the effectiveness for both continuing and new members. I am confident that these recommended appointments will enable the Council to be more effective in its review of major policy initiatives and representation of the interests of the City of San Jose and our residents.

It is my intention to continue our practice where specific policy issues are reviewed by committees prior to being heard by the full Council in order to enhance the efficiency of the Council's deliberations. Other critical policy issues will continue to come directly to the full Council rather than through committees. These include City and Redevelopment Agency budgets, public safety, energy, seniors, and recycling/garbage policy and program issues.

Committee work plans for the first half of 2005 will be developed by committee chairs in conjunction with my office to align with committee mission statements. These work plans will be brought forward to the Rules Committee by January 19. Because we have limited resources to devote to detailed policy review, especially in this climate of continuing budget reductions, work plans must recognize these constraints.
