Item: 2.8

Memorandum

TO: Rules Committee

FROM: Chuck Reed

SUBJECT: Request to Add Item to 2/10/04
Council Agenda

DATE: January 27, 2004

Please add an item to the consent calendar on February 10, 2004, to initiate General Plan text and Land Use diagram amendments regarding recycling facilities and direct staff to draft such language for Council consideration at the June 1 General Plan hearing.

Background

In order to ensure that we have adequate long-term capacity for recycling, resource recovery, and composting operations, the General Plan text and Land Use/Transportation diagram should be amended to emphasize the importance of recycling, provide for monitoring of capacity, and allow the opportunity for recycling to continue indefinitely on a portion of some landfill sites.

This matter has been coordinated with the Director of Planning, Building and Code Enforcement.
