## RECOMMENDATION

It is recommended that the Almaden Branch Library retain its longstanding name.

## BACKGROUND

On August 10, 2004 the City Council voted to retain a neighborhood name for the branch library being rebuilt as part of the new Almaden community center and library complex. At that time, a clerical error in the memo to the City Council referred to the branch library as the "Almaden Valley Library" instead of its longstanding name, "Almaden Branch Library." The community wishes to retain the name "Almaden Branch Library."

## COORDINATION

This report has been coordinated with the Parks, Recreation and Neighborhood Services Department.

## CEQA

Not a project.
