

RESOLUTION NO. 73533

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF SAN JOSE APPROVING THE 2006 AMENDMENT TO THE LAKE CUNNINGHAM PARK MASTER PLAN PROJECT, FOR WHICH AN INITIAL STUDY/MITIGATED NEGATIVE DECLARATION WAS PREPARED IN ACCORDANCE WITH THE CALIFORNIA ENVIRONMENTAL QUALITY ACT, AND ADOPTING A MITIGATION MONITORING AND REPORTING PROGRAM

WHEREAS, the concept of building a regional skate park arose from the community needs assessment that is the foundation of the *Greenprint*, a 20-year strategic plan for parks and community facilities in the City of San Jose ("City") and adopted by the City Council in September, 2000; and

WHEREAS, the City desires to approve a 2006 Master Plan Amendment to the Lake Cunningham Master Plan, which amends the 1990 Lake Cunningham Master Plan, to delete a swimming lagoon and add a regional skate park facility to the Lake Cunningham Master Plan; and

WHEREAS, prior to the adoption of this Resolution, the Planning Director of the City of San Jose prepared an Initial Study and adopted a Mitigated Negative Declaration for the 2006 Amendment to the Lake Cunningham Park Master Plan Project (Planning File No. PP06-043) in accordance with the requirements of the California Environmental Quality Act of 1970, as amended ("CEQA"), and state and local guidelines implementing CEQA; and

WHEREAS, the 2006 Amendment to the Lake Cunningham Park Master Plan Project ("Project") analyzed under the Initial Study/Mitigated Negative Declaration consisted of the development of an approximately 40,000 square foot regional skate park and associated parking and site amenities, on a portion of a 202-acre regional park located at the corner of Tully Road and White Road, San José, California 95122; and

WHEREAS, the Initial Study/Mitigated Negative Declaration concluded that implementation of the Project could result in a number of significant effects on the environment and

identified mitigation measures that would reduce the significant effects to a less-than-significant level; and

WHEREAS, in connection with the approval of a project involving the preparation of an initial study/mitigated negative declaration that identifies one or more significant environmental effects, CEQA requires the decision-making body of the lead agency to incorporate feasible mitigation measures that would reduce those significant environment effects to a less-than-significant level; and

WHEREAS, whenever a lead agency approves a project requiring the implementation of measures to mitigate or avoid significant effects on the environment, CEQA also requires a lead agency to adopt a Mitigation Monitoring and Reporting Program to ensure compliance with the mitigation measures during project implementation; and

WHEREAS, the City of San José is the lead agency on the Project, and the City Council is the decision-making body for the proposed Project; and

WHEREAS, the City Council has reviewed and considered the Initial Study/Mitigated Negative Declaration and related Mitigation Monitoring and Reporting Program for the Project and intends to take actions on the Project in compliance with CEQA and state and local guidelines implementing CEQA; and

WHEREAS, the Initial Study/Mitigated Negative Declaration and the Mitigation Monitoring and Reporting Program for the Project are, by this reference, incorporated into this Resolution as if fully set forth herein; and

WHEREAS, the Project will not individually or cumulatively have an adverse effect on wildlife resources, as defined in Section 711.2 of the California Department of Fish and Game Code.
