3.5 (Cont'd.)

Action: On a call for the question, the motion carried unanimously, the memorandum from Mayor Reed and Council Members Liccardo, Kalra and Herrera, dated February 11, 2009, was approved, as amended: (1) Support staff recommendations to implement a soft-closing program for the Downtown Entertainment Zone. (2) Support staff recommendation to amend the Public Entertainment Permit Ordinance to authorize a change in the fee methodology to include costs related to police enforcement of that ordinance and to bring the actual fee increases forward as part of the 2009-2010 budget process in May and June, with the following changes: (a) Hold additional community meetings prior to returning to Council with any proposed changes in this policy. Outreach should include interested stakeholder groups including, but not limited to, affected businesses and neighborhood associations in the Entertainment Zone, 1stAct Silicon Valley, the San José Restaurant and Entertainment Association and the San José Downtown Association. Report to Council should reflect the extent of outreach. (2) (b) Include in the fee methodology a “sliding scale” approach, articulated in the January 9, 2009 staff memorandum as “Alternative 1”, that would exempt the first 50 persons of occupancy, or some other appropriate number, from the fee calculation. (c) Allow club owners to stipulate to a lower allotted occupancy, which will both mitigate the fee and constrain the permitted attendance at their establishments. Any necessary revisions in the Conditional Use Permit or other documentation to reflect the reduced occupancy should be made at no cost to the applicants. (d) Direct the City Manager to create a mechanism to collect the fee by a specified date. Further direct that the City Manager shall suspend or waive the fee on any particular club when that club has become a member of a Business Improvement District (BID) and has paid its designated fee to the BID and the City has received such fee. The City Manager would be authorized to lift or impose the suspension as is appropriate to ensure the full receipt of the aggregate fees required by Council in its June budget deliberations. (3) Direct the City Manager to continue changes in the policing model in the Entertainment Zone (EZ) to fully embrace the “community policing” concept, incorporating the following Council objectives: (a) Courteous presence and engagement with patrons and businesses in the EZ: Having officers typically encountered on foot rather than in patrol cars. Prior to 2:30 a.m., allowing civil, law-abiding citizens to leave clubs and the downtown at a leisurely pace. Encountering officers individually or in pairs rather than in groups where no urgency compels a group response. (b) Proximity of officers to the clubs: Confining patrol of individual beat officers to smaller areas on sidewalks. (c) Efficiency and effectiveness: Deployment of larger share of the total officers on “regular time” rather than “overtime”, particularly where it results in cost savings. Having officers deployed to the EZ earlier in the evening to allow them to observe and assess potential problem situations well before the “rush” of closing time. Reduction in daily deployment commensurate with lower levels of club attendance, occupancy, activity and number/severity of incidents. (3) (d) EZ specific training for all officers: Ensuring that every officer in the EZ has awareness of protocols and practice arising from collaboration between police management and nightclubs. (e) *Ensure adequate coverage at the periphery of the City to maintain safety for residents and officers throughout the City.* (4) Direct the City Manager engage with the San José Police Officers’ Association to discuss alternative deployment models, particularly as to any matters that may eventually raise “meet and confer” obligations. (5) Direct the City

3.5 Action (Cont'd.)

Manager to return to Council by April 21, 2009 with a status report that includes: (a) A proposed alternative policing model and a description of any changes that the Police Department has already implemented in the past 2 years. (b) An analysis of the feasibility of the Redevelopment Agency serving as the entity implementing a hybrid “secondary employment” program. (c) An analysis of the feasibility of assessing a cost recovery fee on any establishment located in the EZ that serves alcohol after 11:00 p.m. or some other appropriate time. Such a fee would require a mechanism separate from the Entertainment Permit. (6) Direct the City Manager to include police overtime cost and deployment data in quarterly reports prepared for the Public Safety, Finance and Strategic Support Committee. (7) Subsequent to Council action in June, report back to Council soon thereafter regarding the feasibility of the following options: (a) Assessing a police cost-recovery fee for any similar establishment located anywhere in the City of San José beginning in Fiscal Year 2010-2011. (b) Placing an “overtime cap” on police costs and deployment in the EZ, by requiring the City Manager to return to Council to request authorization for additional funds to cover overtime expenditures that exceed the cap. (10-0-1. Absent: Chirco.)
