AGREEMENT

NOW THEREFORE, CITY and OWNER in consideration of the mutual covenants and conditions set forth herein, do hereby agree as follows:

1. Effective Date and Term of Agreement. This Agreement shall be effective and commence on December 8, 2009 (the “Effective Date”), and shall remain in effect for a term of ten (10) years thereafter. Each year upon the anniversary of the Effective Date, such initial term will automatically be extended as provided in Section 2, below.

2. Renewal. Each year on the anniversary of the Effective Date of this Agreement (hereinafter referred to as the “Renewal Date”), a year shall automatically be added to the initial term of this Agreement unless notice of nonrenewal is mailed as provided herein. If either OWNER or CITY desires in any year not to renew the Agreement, OWNER or CITY shall serve written notice of nonrenewal of the Agreement on the other party in advance of the annual Renewal Date of the Agreement. Unless such notice is served by OWNER to CITY at least ninety (90) days prior to the annual Renewal Date, or served by CITY to OWNER at least sixty (60) days prior to the annual Renewal Date, one (1) year shall automatically be added to the term of the Agreement as provided herein. Upon receipt by OWNER of a notice of nonrenewal from CITY, OWNER may make a written protest of the non-renewal. CITY may, at any time prior to the annual Renewal Date of the Agreement, withdraw its notice to OWNER of nonrenewal. If either CITY or OWNER serves notice to the other of nonrenewal in any year, the Agreement shall remain in effect and the property shall remain enforceably restricted for the balance of the term then remaining, either from its original execution or from the past renewal of the Agreement, whichever may apply. The Director of Planning, Building and Code Enforcement shall record the Notice of Nonrenewal and file

OWNER shall, where necessary, restore and rehabilitate the Historic Landmark and shall do so only in full accordance and compliance with the rules and regulations of the Secretary of the Interior's Standards for the Treatment of Historic Properties with Guidelines for Preserving, Rehabilitating, Restoring and Reconstructing Historic Buildings, as the same may be amended from time to time.

A summary of the Secretary of the Interior's Standards for the Treatment of Historic Properties with Guidelines for Preserving, Rehabilitating, Restoring and Reconstructing Historic Buildings (the "Standards") is provided below for convenient reference. OWNER shall comply with the Standards in effect when OWNER commences any rehabilitation or restoration work on the Historic Landmark.

The Standards (Department of the Interior Regulations, 36 CFR 67) pertain to historic buildings of all materials, construction, types, sizes, and occupancy and encompass the exterior and the interior, related landscape features and the building's site and environment as well as attached, adjacent, or related new construction. The Standards are to be applied to specific rehabilitation projects in a reasonable manner, taking into consideration economic and technical feasibility.

- 1) A property shall be used for its historic purposes or be placed in a new use that requires minimal change to the defining characteristics of the building and its site and environment.
- 2) The historic character of a property shall be retained and preserved. The removal of historic materials or alteration of features and spaces that characterize a property shall be avoided.
- 3) Each property shall be recognized as a physical record of its time, place, and use. Changes that create a false sense of historical development, such as adding conjectural features or architectural element from other buildings, shall not be undertaken.
- 4) Most properties change over time; those changes that have acquired historic significance in their own right shall be retained and preserved.
- 5) Distinctive features, finishes, and construction techniques or examples of craftsmanship that characterize a historic property shall be preserved.
- 6) Deteriorated historic features shall be repaired rather than replaced. Where the severity of deterioration requires replacement of a distinctive feature, the new feature shall match the old in design, color, texture, and other visual qualities and, where possible, materials. Replacement of missing features shall be substantiated by documentary, physical or pictorial evidence.

- 7) Chemical or physical treatments, such as sandblasting, that cause damage to historic materials, shall not be used. The surface cleaning of structures, if appropriate, shall be undertaken using the gentlest means possible.
- 8) Significant archaeological resources affected by a project shall be protected and preserved. If such resources must be disturbed, mitigation measures shall be undertaken.
- 9) New additions, exterior alterations or related new construction shall not destroy historic materials that characterize the property. The new work shall be differentiated from the old and shall be compatible with the massing, size, scale, and architectural features to protect the historic integrity of the property and its environment.
- 10) New additions and adjacent or related new construction shall be undertaken in such a manner that if removed in the future, the essential form and integrity of the historic property and its environment would be unimpaired.
