RECOMMENDATION

Add an agenda item to the April 20, 2010 City Council meeting to appoint Councilmember Oliverio and me to the Diridon Joint Policy Advisory Board as representatives of the City of San Jose.

BACKGROUND

In partnership with Assemblymember Jim Beall and the Valley Transportation Authority, we have created the Diridon Station Joint Policy Advisory Board (JPAB).

The JPAB's mission is to review and make recommendations on the goals, financing, governance, and operation of the station through a coalition of local and state officials. The JPAB will actively engage with state, federal and local entities that can promote the goals of the Diridon Station Planning Area.
