Please state why you want to become a member of this Board or Commission including specific objectives which you would work toward as a member.

I was raised to give back to the community that I am a part of. In doing so, I would use my position to ensure just and equitable administration of the civil service rules and city resources.

CONFLICT OF INTEREST: State and local law require that you abstain from participation in decisions that may affect your financial interests, including sources of income, interests in real property or investments. In addition, if appointed, you may be required to fill out a disclosure statement which identifies certain of your financial interests beginning with the immediate twelve-month period prior to your appointment. Based on your best judgement, does this Board or Commission make decisions that may affect sources of income, interests in real property or investments of you or your spouse? If yes, please explain. Please identify any organizations, associations, corporations or entities by which you are employed or associated that might be affected by decisions of this Board or Commission, and the positions you hold.

To the best of my knowledge, no such conflict has or will exist.

Special Note: Applicants are advised that they may be required to file a statement of Economic Interests (Form 700) disclosing all reportable interests held at the time of appointment. If applicable, a copy of this form will be provided by the City Clerk.

San Jose's residents value our classified civilian work force. To this ongoing responsibility I bring a career focused on the integration of people, process and technology to create an effective modern work force.

To the investigative and appellate responsibilities of this position, I bring a long history of investigation, analysis, and objective decision making. I have worked successfully in situations involving unionized and non-unionized work forces; as well as professional, technical and semi-skilled work forces by building trust through transparency.

Please state why you want to become a member of this Board or Commission including specific objectives which you would work toward as a member.

I seek to continue my tradition of service to the San Jose community in a more formal civic role, as a member of the City of San Jose's Civil Service Commission. My approach to fulfilling the duties of Commissioner will be to impartially, discretion, and with the utmost integrity, apply sound judgement and due diligence to my responsibilities spelled out in both the City Charter (Article X, sections 1001 and 1001.1), in the San Jose Municipal Code (Titles 2 & 3), and in other applicable laws, statutes, charter provisions, code titles, memoranda of understanding, etcetera. I will work cooperatively with other members of the Commission to ensure continuing fairness in the appeals process, to make certain our civil service rules reflect best-practices and conform with future legal or statutory changes, and to appoint thoughtful, fair, and honest residents to the City Council Salary Setting Commission.

CONFLICT OF INTEREST: State and local law require that you abstain from participation in decisions that may affect your financial interests, including sources of income, interests in real property or investments. Please state why you want to become a member of this Board or Commission including specific objectives which you would work toward as a member.

Public service is an obligation of citizens in a free democratic society. Service can be teaching at a University, working in law enforcement or any number of activities that improve society. I believe in civic service as can be seen from my work history. Although I am not unique, I have the skills and knowledge base called for as the attorney representative. My economics background provides a quantitative and qualitative approach to understanding public policy issues and my background as an attorney allows me to apply legal principles and analysis to every day problems.

The Civil Service Commission has salient duties as a part of the decision making process for the City. These duties require objectivity, neutrality and an open mind. As an appellate body the commission must evaluate issues that are both personal for the employee and that may be policy driven by the City department or agency. I believe that I have demonstrated the ability to be open minded, objective and neutral as a professor and as an attorney..

CONFLICT OF INTEREST: State and local law require that you abstain from participation in decisions that may affect your financial interests, including sources of income, interests in real property or investments. In addition, if appointed, you may be required to fill out a disclosure statement which identifies certain of your financial interests beginning with the immediate twelve-month period prior to your appointment. Please identify any organizations, associations, corporations or entities by which you are employed or associated that might be affected by decisions of this Board or Commission, and the positions you hold. +

I have represented numerous clients in employment related disputes, but have never represented anyone who was employed by the City of San Jose in any action that related to the City of San Jose, nor have I had any professional interaction with the Civil Service Commission. I have no source of income that would be impacted by the Commission other than as a normal tax payer. As a result there are no conflicts between myself and the Commission.

Special Note: Applicants are advised that they may be required to file a statement of Economic Interests (Form 700) disclosing all reportable interests held at the time of appointment. If applicable, a copy of this form will be provided by the City Clerk.

I am a small business owner in San Jose for the past 23 years where I have been responsible for a variety of tasks including hiring personnel, training, as well as conflict resolution. I have the ability to be fair, to listen to two sides of an issue and come up with an agreeable solution. I look at this opportunity to serve on this commission as a way of doing my civic duty and serving my community in San Jose in some small way.

I have spent the majority of my life working and making a living. I feel that my experience in many aspects of life, both good and not so good, can help me contribute. It is time to give back. I have been a manager of Fortune 500 companies for more than 20 years and consider myself very effective in understanding both sides of the hiring, promotion and firing process. Although I am not an attorney, my 20+ years as an expert witness in litigation case. In addition, I am a certified Mediator both in the State of California and Florida, so I understand how to get things done without conflict.

CONFLICT OF INTEREST: State and local law require that you abstain from participation in decisions that may affect your financial interests, including sources of income, interests in real property or investments. In addition, if appointed, you may be required to fill out a disclosure statement which identifies certain of your financial interests beginning with the immediate twelve-month period prior to your appointment. I may not be the most qualified person who applies but I can represent the majority of citizens of San Jose. I can be fair and neutral and have no agenda in coming into the board. I think that is the most important issue that you should use to fill this position.

Please state why you want to become a member of this Board or Commission including specific objectives which you would work toward as a member.

The reason I want to become a member of the Civil Service Commission is to provide a public service in the city that I have resided in for the last 10+ years. I serve on the boards of 2 non-profit entities and find the work to be very rewarding personally.

CONFLICT OF INTEREST: State and local law require that you abstain from participation in decisions that may affect your financial interests, including sources of income, interests in real property or investments. I do not believe that the Commission makes decisions that affect my sources of income, interest in real property or investments made by me and/or my spouse.

Please state why you want to become a member of this Board or Commission including specific objectives which you would work toward as a member.

I would like to join the Commission because I believe it is an interesting opportunity to serve my community. Also, the work lends itself quite well to my professional skills and experience -- both legal and non-legal -- which I would immediately contribute to the Commission. I am a business lawyer with over 10 years' experience. As a result of my training and experience, I am skilled at analysis, research, writing, problem-solving, negotiation and counseling. I have excellent oral and written communication and presentation skills as well as outstanding interpersonal and relationship building skills. I work well in a team environment and build consensus with my colleagues. I have strong business judgment, think strategically and provide practical advice. Given my skills and experience, I believe I would be an excellent addition to the Commission.

CONFLICT OF INTEREST: State and local law require that you abstain from participation in decisions that may affect your financial interests, including sources of income, interests in real property or investments. In addition, if appointed, you may be required to fill out a disclosure statement which identifies certain of your financial interests beginning with the immediate twelve-month period prior to your appointment. Based on your best judgement, does this Board or Commission make decisions that may affect sources of income, interests in real property or investments of you or your spouse? If yes, please explain. Please identify any organizations, associations, corporations or entities by which you are employed or associated that might be affected by decisions of this Board or Commission, and the positions you hold.

No.

Special Note: Applicants are advised that they may be required to file a statement of Economic Interests (Form 700) disclosing all reportable interests held at the time of appointment. If applicable, a copy of this form will be provided by the City Clerk.

Please state any other information which you feel would be useful in reviewing your application.

I have a great deal of experience with compliance and internal and external investigations, including providing advice and making recommendations regarding such matters. Please see my attached resume for additional information.

Special Awards or Recognitions Received:

Certificate of Honor from the San Francisco Board of Supervisors for my service on Sunshine Task Force
Letter of Recognition from Mark Leno, State Senator (former Assemblymember) for commitment to open government

Please state why you want to become a member of this Board or Commission including specific objectives which you would work toward as a member.

I want to serve on the Civil Service Commission to continue my public service to the people and City of San Jose. I am currently in my final term on the Human Rights Commission. During my tenure, since January 2007, I am proud of my exemplary attendance record, having only missed one (1) meeting out of: Commission meetings; Committee meetings; Retreats and a ten (10) week Citizens Police Academy. As a Commissioner, I always listened, with an open-mind, to concerns brought to our body by members of the public. I always worked to find a common ground.

As a former manager in the private and an employee who has worked the "front line" I can see employment concerns and issues from multiple viewpoints. As a member of the LGBT community, I will be committed to helping improve diversity and inclusion within the ranks of every City Department.

CONFLICT OF INTEREST: State and local law require that you abstain from participation in decisions that may affect your financial interests, including sources of income, interests in real property or investments. In addition, if appointed, you may be required to fill out a disclosure statement which identifies certain of your financial interests beginning with the immediate twelve-month period prior to your appointment. Based on your best judgement, does this Board or Commission make decisions that may affect sources of income, interests in real property or investments of you or your spouse? If yes, please explain. Please identify any organizations, associations, corporations or entities by which you are employed or associated that might be affected by decisions of this Board or Commission, and the positions you hold.

I believe I have no real or perceived conflict of interest for this position. As a County employee, this body would not affect my income and I currently do not own real property or have investments.

Special Note: Applicants are advised that they may be required to file a statement of Economic Interests (Form 700) disclosing all reportable interests held at the time of appointment. If applicable, a copy of this form will be provided by the City Clerk.

Please state any other information which you feel would be useful in reviewing your application.

I am enclosing copies of awards, recognitions and certificates of training which demonstrate my expanded background for serving on the Civil Service Commission.

TO WHOM IT MAY CONCERN

This is a letter of reference/recommendation for David Parker.

As Administrator for the Sunshine Ordinance Task Force, I have worked closely with David Parker who is a member of the Task Force. Mr. Parker is serving as Chair of one of our standing committees and is proving to be a strong leader. Mr. Parker has an excellent attendance record; has participated fully in discussions and decisions of the Task Force; and is always prepared and informed regarding items on the agendas. Mr. Parker has a history of making fair and consistent decisions.

Personally, I have found Mr. Parker to be easy to work with. Re: David Parker

To Whom It May Concern,

It is my pleasure to recommend my former colleague, David Parker, for employment within your organization. I worked with David for more than three years on the Sunshine Ordinance Task Force and I respect his ability to quickly analyze situations and keep his focus on solutions. He also maintains a respect for the opinions of others who come to different conclusions. He is indeed a rare individual,

Although David and I have at times, disagreed, he always remains pleasant and unflappable, carefully and clearly outlining his reasons for disagreement, always looking for common grounds and always interested in the compromise that satisfies a particular situation.

I have confidence in his personal integrity and I would trust him with important decisions that could affect my life or the lives of others. If you have any further questions regarding David, please do not hesitate to contact me.

Please state why you want to become a member of this Board or Commission including specific objectives which you would work toward as a member.

As a Labor/Employment lawyer and trial lawyer I am knowledgeable of Federal and State laws and regulations referable to employment and labor issues. I have experience in appearing in Federal and State Courts as well as administrative proceedings including personnel board appeals. Both professionally and personally I have experience with alternative dispute resolution and problem resolution within groups. My involvement in community organizations and the time spent as an officer in the U.S. Navy required teamwork and respect for collaboration. Finally, my 11 years as a lawyer has given me broad insights into workplace problems and the factually based resolution of these problems. As a member of the commission I will use my skills and experience to reach fair and just decisions based upon the appropriate laws and facts of each case before the commission. My professional skills and life experience make me uniquely qualified to be a knowledgeable, fair and objective commissioner.

CONFLICT OF INTEREST: State and local law require that you abstain from participation in decisions that may affect your financial interests, including sources of income, interests in real property or investments. In addition, if appointed, you may be required to fill out a disclosure statement which identifies certain of your financial interests beginning with the immediate twelve-month period prior to your appointment. Based on your best judgement, does this Board or Commission make decisions that may affect sources of income, interests in real property or investments of you or your spouse? If yes, please explain. Please identify any organizations, associations, corporations or entities by which you are employed or associated that might be affected by decisions of this Board or Commission, and the positions you hold.

Yes. My legal representation of individuals who are city employees or contractors and businesses which are vendors to the city would be a conflict of interest. As a licensed attorney I have an affirmative duty to disclose all potential conflicts of interests and not represent parties where there is a potential conflict of interest. Since my appointment to the Human Rights Commission I have disclosed my position to referring attorneys and individuals. I have requested that my referring attorneys do not refer city employees, contractors or vendors to my office. I have fully disclosed my position and referred city employees to other attorneys. I presently do not represent any city employees, contractors or vendors.

Special Note: Applicants are advised that they may be required to file a statement of Economic Interests (Form 700) disclosing all reportable interests held at the time of appointment. If applicable, a copy of this form will be provided by the City Clerk.
