

Memorandum

TO: HONORABLE MAYOR AND
CITY COUNCIL

FROM: Dennis D. Hawkins, CMC
City Clerk

SUBJECT: PLANNING COMMISSION
INTERVIEWS

DATE: October 7, 2011

RECOMMENDATION

1. Interview applicants for appointment to the Planning Commission
2. Appoint one (1) member to the Planning Commission to the balance of an unexpired term ending June 30, 2012.
3. If no appointment is made, direct the City Clerk to continue recruitment efforts and bring additional applicants forward for consideration within 90-days

BACKGROUND:

The Planning Commission is established in Section 1000 of the City Charter and San Jose Municipal Code section 2.08.4000. The City Charter states that a Planning Commission member must have been a United States citizen and San Jose resident for at least one year immediately preceding commencement of their term, must be a registered voter at the time of appointment, and must meet these requirements during their term of office. The City Charter provides that the Planning Commission has the following powers and duties:

- (a) Make recommendations to the Council respecting the adoption, amendment, or repeal of master, general, comprehensive, precise or specific plans for future physical development of the City or any part thereof, and periodically review the same;
- (b) Make recommendations to the Council respecting the adoption, amendment or repeal of land use and development regulations, including but not limited to zoning and subdivision regulations;
- (c) Make recommendations to the Council respecting the adoption, amendment or repeal of plans or programs for the redevelopment, rehabilitation or renewal of any areas of the City;
- (d) Make recommendations to the Council respecting capital improvement programs; and
- (e) Exercise such other powers and perform such other functions and duties as may be expressly given to it by other provisions of this Charter, or exercise such other powers or perform such other functions as may be prescribed by the Council not inconsistent with the provisions of this Charter.

HONORABLE MAYOR AND CITY COUNCIL
RE: Planning Commission Appointment
October 7, 2011
Page 2

Effective July 31, 2011, Lisa Jensen resigned from the Commission, resulting in one vacancy. The Office of the City Clerk conducted an open recruitment from July 11, 2011 through September 9, 2011.

A total of 23 applications were received and 22 applicants met the eligibility requirements. All 22 applications were submitted for Council review for "indications of interest". The Mayor and each Councilmember may submit the names of those applicants whom they are interested in interviewing. Any applicant who receives indications of interest from four or more Councilmembers is invited to be interviewed by the Council.

ANALYSIS

Nine (9) applicants received indications of interest from four or more Councilmembers and have been invited to be interviewed by the City Council on October 18, 2011. As required by the Municipal Code, a successful applicant must receive six (6) or more votes to be appointed to the Planning Commission. Following the interviews, the Council may appoint one person to fill the unexpired portion of the term which ends June 30, 2012. If no appointment is made, it is recommended that the recruitment be referred back to the City Clerk to secure additional applicants for consideration by the Council in 90-days.

Interview Order:

The applicant interview order was determined by using the California Secretary of State's Randomized Alphabet Drawing for the November 2010 election ballot. This method is consistent with the process used in scheduling interviews for other boards and commissions. Applicants will be sequestered in another location so that they may not view or hear the interviews of other applicants until they are called to appear. The interview order is:

- **Dori Yob**
- **Erik Kaeding**
- **David Barry**
- **Aimee Escobar**
- **Edward Janke**
- **Chet Lockwood**
- **Megan Fluke**
- **Stephen Quigley, Jr.**
- **Peter Allen**

Information from the Office of the City Attorney and the Department of Planning, Building, and Code Enforcement regarding their review for potential conflicts of interest or code enforcement issues will be issued via a supplemental memorandum.

Please state why you want to become a member of this Board or Commission including specific objectives which you would work toward as a member.

I was born and raised in San Jose. I plan to raise my children here and spend my final days in the Valley of Hearts Delight. As such, I have a vested interest in ensuring the long-term, sustainable development of our City and continued responsible stewardship of the existing neighborhoods and communities that make San Jose unique among America's major urban areas. As a Commissioner, I would focus on developing our public transportation system to better serve residents with daily commutes, draw more commerce to the Downtown core, and improve access to basic goods and services for residents of limited means. I would champion sustainable, high-density development along transportation corridors and seek to expand our already burgeoning system of bike lanes and trails. Most importantly, I would support a balanced approach to new housing that takes into account the availability of jobs within our City and look for ways to incentivize businesses to locate and hire in San Jose.

CONFLICT OF INTEREST: State and local law require that you abstain from participation in decisions that may affect your financial interests, including sources of income, interests in real property or investments. In addition, if appointed, you may be required to fill out a disclosure statement which identifies certain of your financial interests beginning with the immediate twelve-month period prior to your appointment. Based on your best judgment, does this Board or Commission make decisions that may affect sources of income, interests in real property or investments of you or your spouse? If yes, please explain. Please identify any organizations, associations, corporations or entities by which you are employed or associated that might be affected by decisions of this Board or Commission, and the positions you hold.

No.

Special Note: Applicants are advised that they may be required to file a statement of Economic Interests (Form 700) disclosing all reportable interests held at the time of appointment. If applicable, a copy of this form will be provided by the City Clerk.

Please state any other information which you feel would be useful in reviewing your application.

I have extensive experience with city government; I understand the scope and responsibilities of the Planning Commission; and I am ready to begin working toward my goals from day one.

Recognized for volunteering with the City of San Jose's Anti-Graffiti Program and the Adopt-A-Park Program (Theodore Lenzen Park)

Please state why you want to become a member of this Board or Commission including specific objectives which you would work toward as a member.

As a fourth-generation San Josean raising a fifth generation here in San Jose, and as a former urban designer with the San Jose Redevelopment Agency, I deeply care about the future of San Jose. With my background in architecture, planning, sustainable design, economic development, and historic preservation, I would bring a level of expertise and familiarity with city plans, guidelines, and policies unparalleled by most potential applicants. Furthermore, I wish to serve my community using my particular set of skills and knowledge, to help balance the need for economic development, especially jobs for San Joseans, with preservation of the city's natural resources, while striving to make San Jose a better place to live, work, and play.

CONFLICT OF INTEREST: State and local law require that you abstain from participation in decisions that may affect your financial interests, including sources of income, interests in real property or investments. Please identify any organizations, associations, corporations or entities by which you are employed or associated that might be affected by decisions of this Board or Commission, and the positions you hold.

I am not aware of any sources of income, interests in real property or investments of either myself or my spouse, which would constitute a conflict of interest if I were to be appointed to the Planning Commission. I periodically file a Statement of Economic Interests (Form 700) as a County Commissioner and know this to be a fact.

Special Note: Applicants are advised that they may be required to file a statement of Economic Interests (Form 700) disclosing all reportable interests held at the time of appointment. If applicable, a copy of this form will be provided by the City Clerk.

Please state why you want to become a member of this Board or Commission including specific objectives which you would work toward as a member.

As a recent recipient of my Master's Degree in Urban Planning, I have studied all facets of planning/land use. Through my studies and hands on experience as a past Land Use Consultant, I have gained an immeasurable amount of knowledge about the City of San Jose's planning goals, land use and government structure. As a Planning Commissioner, I would like to apply my knowledge to help to shape our City in planning, green building, zoning, preservation (both historic and ecological) and in the social planning aspect of our downtown core to provide for a more social and economically vibrant hub of activity. Specifically, I am interested in working toward a more socially planned city that is inclusive of all ages and uses while maintaining the integrity of the City and the needs of its residents. Further, my interest in historic preservation and the value of maintaining said structures through re-use/rehabilitation is also of great importance.

CONFLICT OF INTEREST: State and local law require that you abstain from participation in decisions that may affect your financial interests, including sources of income, interests in real property or investments. In addition, if appointed, you may be required to fill out a disclosure statement which identifies certain of your financial interests beginning with the immediate twelve-month period prior to your appointment. Please identify any organizations, associations, corporations or entities by which you are employed or associated that might be affected by decisions of this Board or Commission, and the positions you hold.

I do not have any conflicts of interest at this time.

Please state why you want to become a member of this Board or Commission including specific objectives which you would work toward as a member.

I am interested in becoming a member of the San Jose Planning Commission because I think I bring a unique perspective to the commission as a young adult who is passionate about civic engagement and as an environmentalist who is interested in implementing the excellent goals in the Envision 2040 General Plan. I care greatly about the future of San Jose and have a good understanding of land use planning from an economic, environmental, equity, and health perspective. My specific objectives would be to implement the goals of the 2040 General Plan, the Mayor's Green Vision, the Diridon Station Area Plan, developments along Bus Rapid Transit Corridors, etc. I am very interested in good planning downtown and along major pedestrian/bicyclist/public transit corridors.

I believe in Planning and the planning process. To me, in addition to the process of regulation, it also provides governmental guidance to achieves an agreed upon fit: a fit with zoning requirements, standards, City policy and the General Plan. I understand completely Commission's advisory status with respect to the City Council. I was involved in the process while serving on the City of San Jose Historic Landmarks Commission. In addition as the Architectural Advisor for the City of Campbell Planning Commission, I reviewed and commented on the architectural merit of proposed projects within the city. In a less formal manner I was involved in a similar function for the City of San Jose Landmarks Design Review Committee. In both cases the goal was to improve the project. Through training and experience I understand, and can easily work with, the instruments the Commission would review and process.

CONFLICT OF INTEREST: State and local law require that you abstain from participation in decisions that may affect your financial interests, including sources of income, interests in real property or investments. In addition, if appointed, you may be required to fill out a disclosure statement which identifies certain of your financial interests beginning with the immediate twelve-month period prior to your appointment. Based on your best judgement, does this Board or Commission make decisions that may affect sources of income, interests in real property or investments of you or your spouse? If yes, please explain. Please identify any organizations, associations, corporations or entities by which you are employed or associated that might be affected by decisions of this Board or Commission and the positions you hold.

I am a practicing architect therefore the potential for conflict of interest exists if I was involved in projects that involved approvals of the Planning Commission. However in my 31 years of practice in the City of San Jose I have had only one project that required Planning Commission overview. For Trinity Episcopal Cathedral I prepared a Conditional Use Permit application and appeared twice at a Director's Hearing.

During my tenure as a Historic Landmarks Commissioner two of my projects came before the Commission (the Trinity Cathedral and CSJ Fire Station 7) in a ten year period.

It is safe to say, that because of my practice, I have had little opportunity for conflict of interest.

Special Note: Applicants are advised that they may be required to file a statement of Economic Interests (Form 700) disclosing all reportable interests held at the time of appointment. If applicable, a copy of this form will be provided by the City Clerk.

Please state any other information which you feel would be useful in reviewing your application.

Please state why you want to become a member of this Board or Commission including specific objectives which you would work toward as a member.

I have an interest in land use issues and public service. As a planning commissioner, I would strive to make land use decisions that promote the health, safety, and welfare of the general public. I would evaluate each appeal, CUP application, zoning/general plan amendment, and EIR certification on its individual merits based upon the evidence before me. In general, I would tend to favor proposals that (1) make the city more walkable, (2) increase the supply of affordable housing in the city, (3) increase the amount of parkland in our city, (4) incorporate opportunities for mixed use development, (5) preserve the riparian corridor, and (6) preserve our city's joblands.

CONFLICT OF INTEREST: State and local law require that you abstain from participation in decisions that may affect your financial interests, including sources of income, interests in real property or investments. In addition, if appointed, you may be required to fill out a disclosure statement which identifies certain of your financial interests beginning with the immediate twelve-month period prior to your appointment. Based on your best judgement, does this Board or Commission make decisions that may affect sources of income, interests in real property or investments of you or your spouse? If yes, please explain. Please identify any organizations, associations, corporations or entities by which you are employed or associated that might be affected by decisions of this Board or Commission, and the positions you hold.

No.

Special Note: Applicants are advised that they may be required to file a statement of Economic Interests (Form 700) disclosing all reportable interests held at the time of appointment. If applicable, a copy of this form will be provided by the City Clerk.

Please state any other information which you feel would be useful in reviewing your application.

I took a course in land use law at Santa Clara University School of Law during the Fall 2009 semester.

Member of the "Alameda a plan for the beautiful way" task force member for the past 2 1/2 years

Please state why you want to become a member of this Board or Commission including specific objectives which you would work toward as a member.

I work quickly and read fast - Lots of material must be consumed each week to make a planning commissioner effective. I have been dedicated member of many community groups and have spoken on dozens of items at Planning Commission meetings, Council Meetings and 2040 task force meetings. I am well versed on the PD zoning and permit process. I know many key staff in the planning and code enforcement departments. I have worked , for years with staff in the department of transportation and I have a reputation of being very fair and even handed. It will be easy for me to be brought up to speed and I will have no problem with the schedule of the commission.

CONFLICT OF INTEREST: State and local law require that you abstain from participation in decisions that may affect your financial interests, including sources of income, interests in real property or investments. In addition, if appointed, you may be required to fill out a disclosure statement which identifies certain of your financial interests beginning with the immediate twelve-month period prior to your appointment. No Known Conflicts

Please state why you want to become a member of this Board or Commission including specific objectives which you would work toward as a member.

Strong planning is essential for the City of San Jose in this new and changing economy. As a real estate and land use attorney in San Jose, I understand the importance of applying the General Plan, Zoning Ordinance, and other policies of the City in a way that balances the desire for future growth, the availability of infrastructure and services, and the needs and interests of the City and its residents. I would like to serve my community as a member of the San Jose Planning Commission because San Jose is where I have chosen to live and work. With my background and experience I can help make good land use decisions for the future of San Jose.

CONFLICT OF INTEREST: State and local law require that you abstain from participation in decisions that may affect your financial interests, including sources of income, interests in real property or investments. In addition, if appointed, you may be required to fill out a disclosure statement which identifies certain of your financial interests beginning with the immediate twelve-month period prior to your appointment. Based on your best judgement, does this Board or Commission make decisions that may affect sources of income, interests in real property or investments of you or your spouse? If yes, please explain. Please identify any organizations, associations, corporations or entities by which you are employed or associated that might be affected by decisions of this Board or Commission, and the positions you hold.

Although Planning Commission matters are unlikely to directly affect my financial interests, I am an attorney at the San Jose law firm of Hopkins & Carley and recognize that clients of the firm occasionally submit matters before the Planning Commission. As a Commissioner, I would recuse myself from those matters. Based upon my experience over the past 8 years, I would expect this situation to arise very rarely.

Special Note: Applicants are advised that they may be required to file a statement of Economic Interests (Form 700) disclosing all reportable interests held at the time of appointment. If applicable, a copy of this form will be provided by the City Clerk.

Please state any other information which you feel would be useful in reviewing your application.

A copy of my resume and professional biography are attached. I feel my background and experience have prepared me to work effectively as a member of the San Jose Planning Commission.

Dori Yob is a litigation attorney serving a wide range of clients in real estate cases. Her experience includes litigation on behalf of developers, individuals, real estate agents and brokers, and groups of property owners.

“Successfully managing complex disputes depends on producing a great result backed up with outstanding client service. These are qualities I first began to appreciate while running a family business alongside my parents.

“The stakes are just higher, and I’m working with other lawyers and clients on complex land use, development, and real estate litigation issues. Boundary disputes, issues involving purchase and sale transactions, challenges in connection with large-scale mixed-use developments, lease problems, or approvals of projects under California’s development standards are typical of the work in which I’m engaged.”

While she concentrates on real estate and land use, Doris’s first few years as a litigator exposed her to a variety of disputes in other industries and settings, including financial institutions, construction, and employment-related issues. That breadth of experience prepared her well for the wide range of issues that arise in real estate cases.

Why Hopkins & Carley?

“During my first visit to the firm, I immediately felt a sense of community and warmth. Many of my clients now tell me that they feel the same way and that it is one of the reasons they keep coming back. I also knew I wanted to work in San Jose for a firm invested in its local community—a commitment I share.”

Client successes

- A prominent individual property owner hired us after discovering an easement that would prevent development of a portion of the client’s residential property in Woodside. We researched the chain of title on the property, located all potential claimants to the easement, and filed a quiet title action. The court ruled that the easement was abandoned and that the record title to the property was free from the burden of the easement and any potential claims. This allowed our client to complete the development.
- A large retail grocery chain turned to us to help in a dispute with its landlord. The claim concerned the grocery chain’s ongoing obligation to pay percentage rent after closing one of its stores. We negotiated a favorable settlement that released the grocery store chain from paying rent for the remainder of the lease term.

A LAW CORPORATION

- The seller of a commercial condominium disavowed an oral agreement to convey the condo to our client. After months of hard-fought litigation, the dispute was resolved through mediation, with our client getting free and clear title to the property.

Other than Hopkins & Carley

Dori is a 2009 graduate of the year-long Community Leadership San Jose program.

She is also an active member of the Junior League of San Jose, where she regularly volunteers in the community for organizations such as Grail Family Services and Sunday Friends.

Shortly after graduating from law school, Dori was also selected as a member of the William A. Ingram Inn of Court. That is a group of judges, lawyers, law professors, and law students who meet once a month to hold programs and discussions on matters of ethics, skills, and professionalism.

Other than the law

Dori likes a challenge. She, for example, completed her first full century (i.e., 100 mile) cycling road race in 2011.
