

# Guadalupe River Pedestrian Bridge Proposal

# Why a Pedestrian/Bike

## Bridge?

From Envision San Jose 2040 General

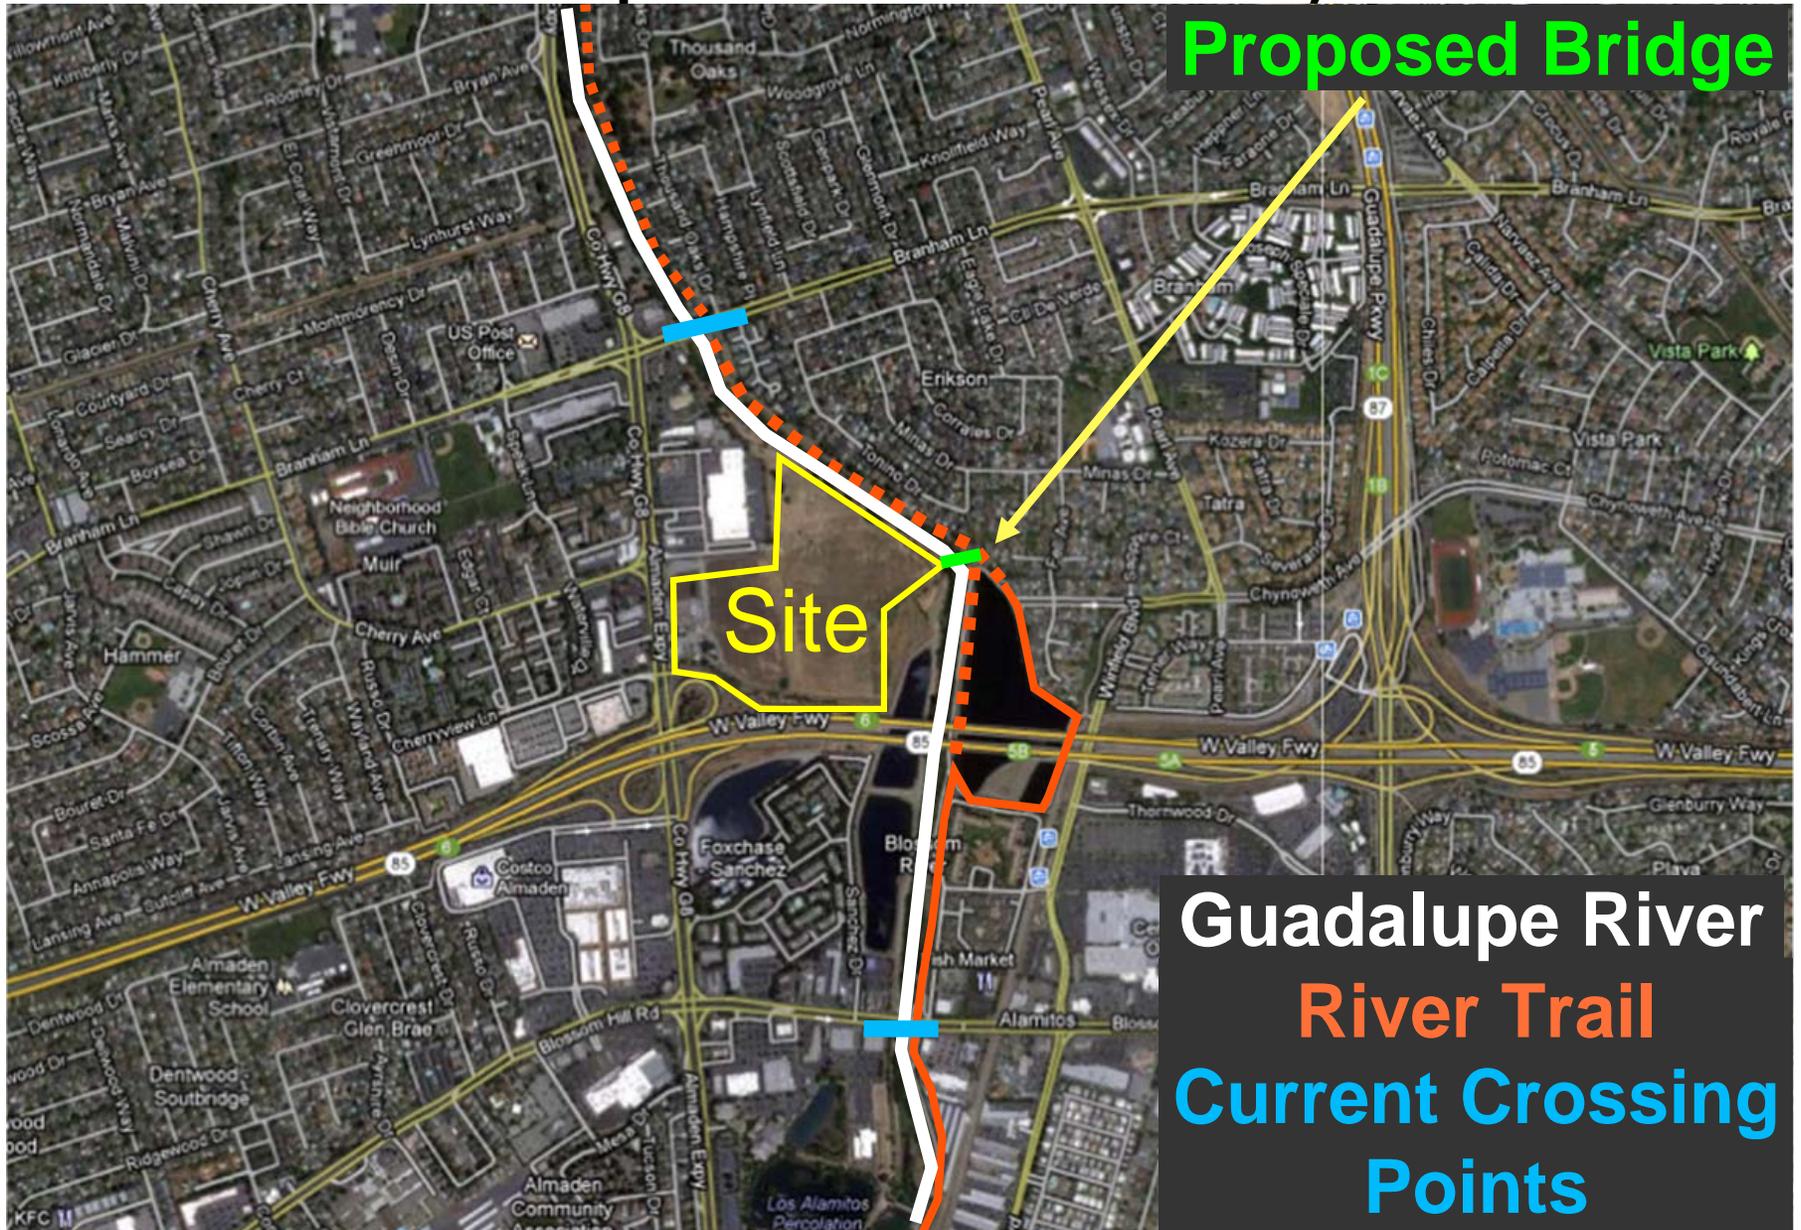

Plan:

Table TR-1: Commute Mode Split Targets for 2040

COMMUTE TRIPS TO AND FROM SAN JOSÉ			
MODE	2008	2040 GOAL	
Drive alone	77.8%	No more than 40%	=49% less
Carpool	9.2%	At least 10%	
Transit	4.1%	At least 20%	=488%
Bicycle	1.2%	At least 15%	=1250%
Walk	1.8%	At least 15%	= 830%

Better Ped/Bike access supports these goals!

# Pedestrian/Bicycle Bridge Location & Guadalupe River Trail System

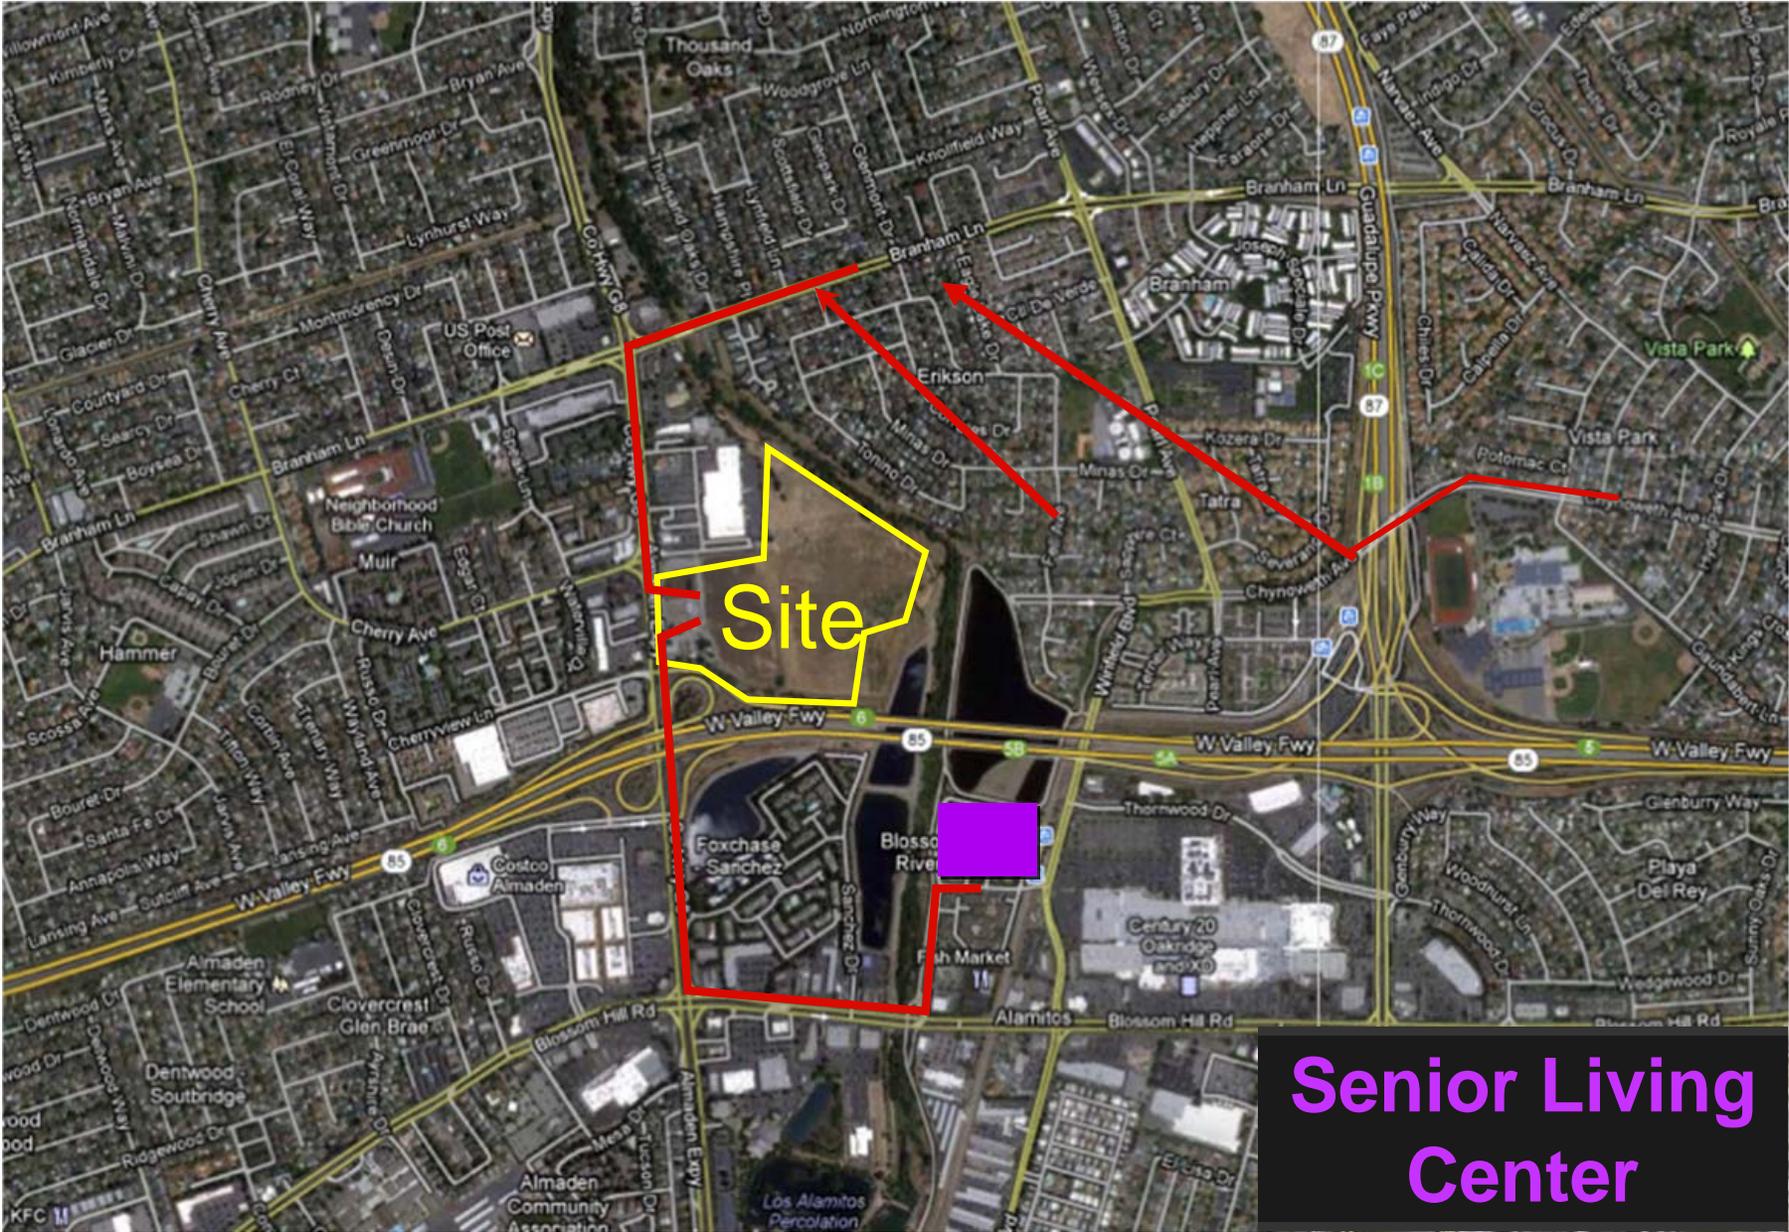

The Bridge will improve access for over 25,000 people within a 15 minute walk

# Almaden Ranch & 7000 Neighbors Across Almaden Expy. Need Better Light Rail Access

Light Rail Access 2+ miles without bridge

# Current Pedestrian Access to Almaden Ranch for 8000 Eastern Neighbors

**Senior Living Center**

# Pedestrian/Bicycle Bridge Provides Access to Light Rail & Preferred Shopping

Provides access for Western residents & employees of the development to Light Rail and Almaden Ranch access to residents East of Almaden Expressway and *all who use the River Trail*

Liberate Us  
From Our Cars!

# Build a Bridge to 2040 Today
