**WHEREAS**, the City Council desires to establish the commercial solid waste collection franchise fee for granting both franchises based on geographic collection districts to the same franchisee;

**NOW, THEREFORE, BE IT RESOLVED BY THE COUNCIL OF THE CITY OF SAN JOSE:**

**SECTION 1.** Except as provided in Sections 4, 6, and 7 of this Resolution, each person engaging in the business of collecting, transporting or disposing of

commercial solid waste kept, accumulated or generated in the City of San José shall pay a franchise fee to the City calculated as follows:

1. Three Dollars and Sixty-Seven Cents (\$3.67) per cubic yard, or fraction thereof, of uncompacted solid waste capacity per collection; plus
2. Eleven Dollars and One Cent (\$11.01) per cubic yard, or fraction thereof, of compacted solid waste capacity per collection.
3. Zero Dollars (\$0.00) per cubic yard, or fraction thereof, of construction and demolition debris with twenty percent (20%) or less incidental contamination.
4. Zero Dollars (\$0.00) per cubic yard, or fraction thereof, of residential clean-out material with twenty percent (20%) or less incidental contamination.
5. Construction and demolition debris, and/or residential clean-out material with more than twenty percent (20%) incidental contamination, or which is landfilled or disposed of by other non-recycling methods shall be subject to franchise fees as specified in Subsections 1 and 2 above.

**SECTION 2.** The following definitions shall apply in the calculation of commercial solid waste collection franchise fees:

1. "Solid waste capacity" means the size (expressed in cubic yards) of the solid waste container from which the solid wastes are collected, regardless of the actual amount of solid wastes in the container. In the case where solid wastes are not placed in containers but are placed directly into the collection vehicle, "solid waste capacity" means the size (expressed in cubic yards) of the solid waste holding area of the collection vehicle.
2. "Compacted" capacity means the solid waste capacity in a compactor unit or separate compactor system receiving box where solid wastes are compacted by the solid waste generator prior to collection. Compacted

does not include any compaction which occurs after the solid wastes are placed in the collection vehicle.

3. "Per collection" means each time solid waste collection service is provided for a particular container.
4. "Uncompacted" capacity means the solid waste capacity in a can, bag, bin, roll-off box, or other solid waste container where solid wastes are placed loose in the container and are not compacted prior to collection.
5. "Construction and demolition debris" means waste building materials, packaging, and rubble resulting solely from construction, remodeling, and demolition operations on pavements, houses, commercial buildings, and other structures authorized by a permit issued under Chapter 24.02 of the San José Municipal Code, and collected pursuant to a temporary service agreement of no longer than one year; or rock, concrete, asphalt and dirt.
6. "Residential clean-out material" means material resulting from clean-outs at residential premises and collected in roll-off or front-load containers rented for a period of one week or less.
7. "Incidental contamination" means the presence of material not listed within the definition of either construction and demolition debris, or residential clean-out material, respectively.

Example: If the solid waste container is a thirty-cubic yard bin with no compaction, the franchise fee is \$110.10 (i.e., 30 x \$3.67) for each time solid waste collection services are performed with respect to that container. If a thirty-yard bin is serviced eight times per month, the franchise fee payable for one month is \$880.80 (i.e., 30 x \$3.67 x 8).

**SECTION 3.** Except as provided in Sections 4, 6, and 7 of this Resolution, the franchise fees specified in Section 1 of this Resolution shall be payable for all commercial solid waste collection, transportation and/or disposal services performed on or after July 1, 2009.

**SECTION 4.** Franchise Fees Applicable to Solid Waste Handling Services at City Facilities.

- A. The provisions of Sections 1 – 3 of this Resolution shall not apply to a franchisee who collects transports or disposes of solid waste kept, accumulated or generated at City of San José facilities located in the City pursuant to the Agreement for Solid Waste Collection Services at City Facilities (the “Agreement”).
- B. In lieu of the requirements for franchise fees set forth in Sections 1 – 3, the contractor described in paragraph A shall pay a franchise fee to the City for all solid waste collected pursuant to the Agreement as follows:
1. For all solid waste that is weighed at the time of collection or at the time of delivery to the solid waste disposal facility, \$61.17 per ton; and
  2. For all solid waste for which scales are not available to determine the weight of the solid waste collected an amount per cubic yard equivalent to \$61.17 per ton as determined by the Director of Environmental Services.

**SECTION 5.** The franchise fees shall be payable to the City in accordance with the requirements of Section 9.10.1710 of the San José Municipal Code.

**SECTION 6.** The provisions of Sections 1-3 of this Resolution shall not apply to a franchisee that collects, transports or disposes of solid waste kept, accumulated or generated in the City of San José pursuant to a franchise granted based on a geographic collection district. Each person engaging in the business of collecting, transporting or disposing of commercial solid waste kept, accumulated or generated in the City of San José shall pay an annual franchise fee to the City in the amount of \$5,000,000.00 for each franchise granted based on a geographic collection district. The franchise fee may be adjusted on or about June for each subsequent Fiscal Year to reflect an amount not to exceed the percentage increase in the annual Consumer Price Index, All Urban Consumers, U.S. City Average, Series ID CUUR0000SA0 (CPI) for the preceding two calendar years.

Example: The CPI adjustment for the franchise fee for FY 2014-2015 could be in an amount not to exceed three percent (3%) based on the difference in the annual CPI for the preceding two calendar years, of 100 for 2012 and 103 for 2013.

If the change in the annual Consumer Price Index, All Urban Consumers, U.S. City Average, Series ID CUUR0000SA0 for the preceding two calendar years is a percentage decrease, the adjustment for that Fiscal Year shall be zero. If an index is discontinued, the successor index with which it is replaced will be used for subsequent calculations. If no successor index is identified by the Bureau of Labor Statistics, the index published by the Bureau which is most comparable will be used.

**SECTION 7.** The provisions of Sections 1-3 of this Resolution shall not apply to a franchisee who collects, transports or disposes of solid waste kept, accumulated or generated in the City of San José pursuant to a franchise granted based on a geographic collection district. Each person engaging in the business of collecting transporting or disposing of commercial solid waste kept, accumulated or generated in the City of San José with franchises for both the geographic collection districts (i.e. North District and South District) shall pay an annual supplemental franchise fee to the City in the amount of \$1,000,000.00. This supplemental franchise fee may be adjusted on or about June for each subsequent Fiscal Year to reflect an amount not to exceed the percentage increase in the annual Consumer Price Index, All Urban Consumers, U.S. City Average, Series ID CUUR0000SA0 (CPI) for the preceding calendar year.

Example: The CPI adjustment for the supplemental franchise fee for FY 2014-2015 could be in an amount not to exceed five percent (5%) based on the percentage increase in the annual CPI for the preceding calendar year of 2013.

If the change in the annual Consumer Price Index, All Urban Consumers, U.S. City Average, Series ID CUUR0000SA0 for the preceding calendar year is a percentage decrease, the adjustment for that Fiscal Year shall be zero. If an index is discontinued,

the successor index with which it is replaced will be used for subsequent calculations. If no successor index is identified by the Bureau of Labor Statistics, the index published by the Bureau which is most comparable will be used.

**SECTION 8.** Nothing in this Resolution is intended to preclude the City Council from reducing the amount of the franchise fee payable by franchisees in the event that the City Council determines in its sole discretion that the circumstances warrant such decrease. Any decrease in the amount of the franchise fee would not limit the City Council from subsequently requiring the franchisee to resume paying the franchise fee amount before the reduction subject to the CPI adjustment process stated in this Section.

**SECTION 9.** This Resolution supersedes Resolution No. 75601.
