RECOMMENDATION

Defer consideration of item 11.2, Rezoning Real Property Located on the Northwest Corner of Curtner Avenue and Union Ave., to the evening session of the June 19, 2012 council meeting.

ANALYSIS

This project has occasioned community interest. A local neighborhood group had arranged to hear a presentation from the applicant at their meeting on Monday, May 7th, but due to a scheduling oversight, that presentation did not take place. I recommend deferral of this item for one month, to our evening land use meeting on June 19th, to give the applicant the opportunity to meet with interested community members.
