SUBJECT: FY 2012-2013 COUNCIL PRIORITY ORDINANCES

RECOMMENDATION

Direct staff to add the following items to the list of approved 2012-2013 workplan projects and ordinances:

- Medical marijuana enforcement and remedies for nonpayment (Attachment B, No. 3, 9 and 29)
- Wood Burning Appliances (No. 26)
- Public Review of New Retail Reuse (No. 2)

BACKGROUND

We have to carefully choose the projects and ordinances that we wish to focus on. The choices set forth in this memorandum reflect a balancing of important issues: protecting our residents' health, addressing the ongoing issue of unregulated medical marijuana facilities in San Jose, and ensuring that residents have a voice when new large-scale retail establishments attempt to occupy pre-existing retail facilities.
