Summer Program
2010

{Discussion}

SUMMER 2010 WORK EXPERIENCE PROGRAM

SUMMARY:

Several options are currently under consideration regarding the opportunities for summer jobs for youth, 2010.

Variables:

- ARRA summer youth funding still available at work2future
- Availability of ARRA TANF Emergency Contingency Funds through a partnership with the Santa Clara County Department of Social Services
- Dramatic differences between the House of Representatives' job creation bill and the Senate version that has no funding for summer jobs
- The potential for separate federal legislation regarding summer jobs for youth

Possible Options:

1. A program serving low-income, WIA-eligible youth, ages 18-24
 - A. Approximately \$1 million from ARRA summer 2009.
 - B. 250 participants
 - C. 8-week program paying \$13 per hour with a 40-hour workweek
 - D. Serving the work2future service area
2. A program in partnership with Santa Clara County Social Services, to serve low-income youth, ages 15-17, with approximately \$2.6 million in ARRA ECF funds.
 - A. Up to 840 participants
 - B. 8-week program paying \$10 per hour with a 22-24 hour workweek.
 - C. Serving *all* of Santa Clara County
3. All programs are scalable depending upon funding resources.
