## RECOMMENDATION

I recommend the Rules and Open Government Committee place the report from the City Auditor, Ten Years of Staffing Reductions at the City of San Jose: Impacts and Lessons Learned, on an agenda for a City Council meeting during December 2012. Council is scheduled to meet three times in December (4, 11, and 18) with two night meetings scheduled for December 4 and 11 which should allow time for this item to be heard.

I have served on City Council for 8 out of the 10 years covered in the audit and would appreciate the courtesy of hearing this audit as a Councilmember before the end of my term. This will not be the only time the recommendations in the audit will be heard. Many of the Auditor's recommendations are subject to meet and confer and will most certainly require future Council deliberation.

The City Auditor is available to bring this item to Council in December.
