Subject: Taxicab Company Airport Access Permit Reallocation

San Jose City Council approved the methodology and qualifications for reallocation of Airport taxicab company airport access permits (permits) on November 20, 2007. Subsequently, staff has communicated with all taxicab companies to ensure awareness of the annual process and the minimum criteria required to be allocated permits.

The 2010 allocation of permits is attached. Following the approved methodology, the allocation is based on San Jose originated non-Airport dispatched trips and each company meeting the minimum criteria receives a minimum of three permits. The permits allocated through this process are valid from April 1, 2010 to March 31, 2011.

The annual permit reallocation process is on the agendas of the Airport Commission on February 8, 2010 and the Transportation and Environment Committee on March 1, 2010.
