A Message from Jackie Adams Regarding the November Election

While my campaign was progressing well, on March 11th of this year, I formally withdrew from the San Jose City Council Election due to some serious and unexpected personal reasons. It was not a decision I made lightly and it is not one that I am rescinding.

I did try to withdraw my name from the ballot in March but was told that legally I could not.

After withdrawing from the race, I spoke to and offered my support to Ash Kalra, the person who I believe will do a very good job as the next District 2 representative on the San Jose City Council. On Election Day, I cast my vote for Mr. Kalra.

I am grateful for the support of the residents who did not know I had withdrawn from the election. However, I am asking all voters in San Jose City Council District 2 to join me in supporting our new City Councilmember Ash Kalra.
