- B. In addition to the zoning districts in which a Relocated Cardroom may be conditionally permitted with a conditional use permit, a Relocated Cardroom may be allowed in a planned development zoning district, subject to the requirements of that district and the issuance of a planned development permit in accordance with the provisions of Part 8 of Chapter 20.100 of this Title.
- C. Permits and approvals issued under this Title are intended to promote and further the purposes of this Title as set forth in Section 20.10.020 of Chapter 20.10 of this Title, whereas those provisions related to cardrooms set forth in Title 16 of this Code are intended to further the purposes set forth in Section 16.02.010 of Chapter 16.02 of Title 16 of this Code. This provision is declarative of existing law.
- D. In addition to the findings required for the issuance of a conditional use permit or a planned development permit set forth elsewhere in this Title, no conditional use permit or planned development permit for a Relocated Cardroom shall be issued unless all of following additional findings, based upon substantial evidence in the record, are made:
1. The granting of the development permit would not violate any City, State or Federal law, regulation or written policy; and
 2. The existing operations of a cardroom that desires to obtain a development permit to be a Relocated Cardroom are in full compliance with all City laws, regulations, permits, approvals and written policies applicable to that existing cardroom as of the date of issuance of any development permit for a Relocated Cardroom; provided, however, that a determination of compliance with Title 16 of this Code shall mean and be limited to a determination that the existing cardroom possesses a current and valid Cardroom Permit under Title 16 of this Code; and
 3. The granting of the development permit would not violate any court order; and
 4. The location to which the Relocated Cardroom proposes to relocate meets the criteria of this Part.

Notwithstanding the above provisions of this subsection, no conditional use permit or planned development permit issued to a Relocated Cardroom pursuant to the provisions of this Title shall impose restrictions or conditions upon a Relocated Cardroom for reasons that are based upon the regulatory authorities and concerns addressed by Title 16 of this Code and that have no articulated land use implication, basis or impact.

- E. For the purpose of making a finding under Section 20.100.720.A.1 of Chapter 20.100 of this Title, or other similar finding required for a land use determination under another section of this Title, there shall be a rebuttable presumption that a Relocated Cardroom that holds a current and valid Cardroom Permit issued pursuant to the provisions of Title 16 of this Code will not, solely due to its status as a cardroom use, adversely affect the peace, health, safety, morals or welfare of persons residing or working in the surrounding area, nor impair the value of property of others located in the vicinity of the site, nor be detrimental to public health, safety or welfare. This provision shall not preclude a decision maker for a development permit or approval from finding that a Relocated Cardroom will adversely affect the peace, health, safety, morals or welfare of persons residing or working in the surrounding area of a Relocated Cardroom, or will impair the value of property of others located in the vicinity of the site, or will be detrimental to public health, safety or welfare, on grounds unrelated to and not based upon the mere status of the Relocated Cardroom use as a cardroom use.
- F. A determination of compliance with applicable laws, regulations, policies, permits, and other approvals made under this Part shall be made only for the purposes of this Part after review of information submitted for a development permit application. No such finding made under this Part shall preclude a contrary finding from being made a future date or outside of the context of this Part.
- G. Obtaining a development permit or other approval under the provisions of this Title shall not be construed or deemed to be a license or permit to operate a Relocated Cardroom under the provisions of Title 16 of this Code or state or federal law nor in any way constitute a fulfillment of the requirement to obtain such an operational license or permit under Title 16 of this Code or under state or federal law.

SECTION 4. Section 20.90.060 of Chapter 20.90 of Title 20 of the San José Municipal Code is hereby amended to read in its entirety as follows:

20.90.060 Number of Parking Spaces Required

- A. All parking requirements in Table 20-190 are minimums unless otherwise specified. Each land use shall provide, on site, at least the minimum number of parking spaces required by Table 20-190, unless a modification has been granted pursuant to Section 20.90.220 or 20.90.230.
- B. All required parking shall be made available to residents, patrons and employees of a use on the site.

DRAFT--Contact the Office of the City Clerk at (408)535-1260 or CityClerk@sanjoseca.gov for final document.

- C. All parking spaces shall be standard size spaces as set forth in Section 20.90.100. Alternatively, a Development Permit may:
 - 1. Authorize all off-street parking spaces to be uniform-size car spaces, as set forth in Section 20.90.100; or
 - 2. Allow up to forty (40) percent of the off-street parking spaces to be small car spaces as set forth in Section 20.90.100. The remainder of the required off-street parking spaces shall be standard car space as defined in Section 20.90.100.
- D. If the number of off-street parking spaces hereinafter required contains a fraction, such number shall be rounded to the nearest higher whole number.
- E. Whenever alternative units of measurement are specified in Tables 20-190, 20-200 or 20-210 for computing off-street parking requirements for any given use, the unit of measurement which provides the greatest number of off-street parking spaces for such use shall control.
- F. The minimum number of off-street parking spaces required for any given use is the same irrespective of the district in which such use is conducted. In case of a use for which off-street parking requirements are not specified at all, the requirements for the most nearly similar use for which off-street parking requirements are specified shall apply.
- G. When two or more uses are located in the same lot or parcel of land or within the same building, the number of off-street parking spaces required shall be the sum total of the requirements of the various individual uses computed separately in accordance with this Chapter 20.90, except as hereinafter provided for alternating uses.
