Dear Ed,

This letter is to inform you that I am resigning from my position on the Sunshine Reform Taskforce. While I feel the work of the taskforce will be vital to the future of San Jose city government, my present schedule does not allow me to devote the time and commitment that I believe will be necessary as a contributing taskforce member.

I thank Councilmember Campos for the honor of nominating me as a former City Council Member and I extend my sincere best wishes to the Taskforce as it works to guide our city out of the shadows and into the "sunshine."

Sincerely,

Blanca Alvarado
