

Ballot Statement

Larry Pegram
Financial Planner

Age 65

Larry Pegram understands that San Jose cannot maintain neighborhood services while continuing to pay its employees overly generous salaries and benefits. We must reduce employee costs or raise taxes. Larry opposes raising taxes. Larry supports reducing the cost of employees including the cost of lavish pension plans.

Larry Pegram, a fiscal conservative, is supported by Mayor Chuck Reed, Councilmember Pete Constant and Supervisor Don Gage.

Larry Pegram is the only candidate who testified to support the Council decision to impose contracts if a negotiated agreement to reduce total compensation by 10% and in favor of placing before the voters initiatives to change the City Charter to modify binding arbitration and employee pension plans.

Larry's support of schools has earned him the endorsement of Trustees Mike Davenport, Gavilan College, Cynthia Goodsell and Harold Stuart, Union School District, and Scott Kleinberg, Campbell Union S. D.

Larry is opposed by public employee unions. In fact, they spent tens of thousands of dollars to attack Larry in the June primary because of his position that employee salaries and pensions must be reduced.

If you wish you speak to Larry, call him on his cell 408-309-8212.
