

District 6

Steve Kline
Attorney at Law

Steve Kline is an effective fighter for all of our neighborhoods. He is helping lead the fight to open Bascom Library Community Center and other shuttered sites around the city. Steve's leadership exposed illegal activities at San Jose City College, revealing gross financial mismanagement and wasteful spending.

The Steve Kline Neighborhoods First Agenda:

Limiting the City Manager's salary to no more than the Governor of California; Increase police response for residential crimes; Institute an open and understandable budget process; Preserve our City's assets, no more property sales below market value; and Open all of our libraries, community centers and parks.

As Shasta / Hanchett neighborhood advocate Helen Chapman said, "Steve will be a positive advocate for all of our neighborhoods."

Jill Chesler, St. Elizabeth neighborhood resident said, "Steve Kline will end the blame game and provide real solutions."

Steve Kline will be a champion for all our neighborhoods. He will end the mismanagement & dysfunction that currently exists in City Hall providing positive solutions for our future.
