RE: Proposed Ballot Measure

Dear Peter:

As you know, on December 6, 2011, the City Council approved placing a measure on the ballot for the June 2012 election that included various proposed changes to the City Charter regarding retirement benefits. In addition, the City Council requested that the City's negotiation team re-engage in mediation with all bargaining groups regarding all retirement issues, including the related ballot measure, in an effort to see if an agreement could be reached that could have resulted in revisions. The City and ABMEI re-engaged in mediation but, unfortunately, we did not reach an agreement on the ballot measure or on the other retirement-related issues discussed during mediation.

As we have indicated, the City Council needs to submit the ballot measure to the County Registrar of Voters 88 days prior the June election, which would be March 9, 2012. In order to provide time for the ratification process and for publication of a Council memorandum, we had hoped to reach an agreement by today.

Although we did not reach an agreement that would revise the ballot measure approved by the City Council on December 6, 2011, enclosed please find a revised
