Dear Planning Director,

We are Bob and Claudia Parker and live at Husted Ave, our address for over thirty years. We have been in District 6 for all those years and wish to remain in this district; we adamantly oppose re-districting. As Willow Glen residents, our children went to neighborhood schools( Schallenberger, WG Middle and WGHS) and we are members of the WG Neighborhood Association. Instead of omitting the area south of Curtner, I urge you to maintain the existing boundaries; I would even suggest expanding it to Koch at the very least and Foxworthy as the best alternative. Our District 6 representatives have always worked hard for WG residents and we would like this representation to continue. We live, play, and work in Willow Glen. I, Claudia, volunteer at the Thrift Box (Lucille Packard Children's Hospital Auxiliary) and Bob coaches golf at WGHS after a 32 year teaching career there. We both belong to San Jose Swim and Racquet Club, and we frequent WG establishments.

Please maintain the current District 6 boundaries and possibly consider expanding it south to Koch or Foxworthy. It makes sense since this area is part of Willow Glen and bound together through common schools and common concerns.

Thank you,

Bob and Claudia parker
