*I noticed from your Website that there is being consideration given for moving my neighborhood ( Immediately South of Curtner ) to another District.*

*I did not notice this until last evening. I did an informal poll of my immediate neighbors and we all seem to feel the same.*

*We are a 3 or 4 minute drive to the middle of the city of Willow Glen ! We consider ourselves to be part of Willow Glen. We shop the downtown, we support the projects around the city of Willow Glen and we moved here knowing we were moving into Willow Glen a very nice and well thought of neighborhood.*

*We would therefore be opposed to being moved to another district that was not considered to be part of “ our “ Willow Glen Neighborhood.*

*We would appreciate your taking our feelings into consideration, before moving us into a district we would consider to be less desirable.*

*Thank You in advance for your consideration of our feelings on this matter.*

*Respectively submitted by:*
