Subject: Desire to remain in District 6

Redistricting Committee,

We reside at 2328 Westmoreland Drive. We heard from a neighbor at church that our community would be divided since someone we do not know feels that our neighborhood is called Bagby, when it is actually Willow Glen. Our home is located a couple of blocks from an elementary school called Bagby however the school is utilized more as a park for the neighborhood. We support the school through our property taxes however we chose our home for the St. Christopher's community where we go to church and our children went to school. According to the neighborhood association website, our neighborhood is within the boundaries of the Willow Glen Neighborhood Association and we feel that group is an excellent advocate for our interests. The Curtner Ave and Leigh Ave intersection makes a good border since both streets have a heavy volume of cars. We patronize Lincoln Ave and the Willow Glen library and feel connected to Willow Glen.

We would prefer staying in our current council district and oppose any change.

Please consider other options.

Thank You,

Joan & Stephen Ferrari

2328 Westmoreland Dr
