Subject: REDISTRICTING

I have lived in the Fairglen Eichler Tract for 50 years. My family has been active in Willow Glen with the Fairglen Art Festival, Willow Glen Little League, Booksin, Willow Glen Middle and High School PTA. All my children attended Booksin, Willow Glen Middle and High School and graduated.

A travesty occurred when our neighborhood was removed from District 6, and we were placed into another council district. Since gerrymandering is a thing of the past it would be good to see Willow Glen united and represented by one council district.

We feel blessed in this world with good health and raising a family in San Jose. Please fix the mistake that was made and bring our neighborhood back into District 6.
