Subject: Redistricting

To Whom It May Concern:

My family would like to see Willow Glen under one council district as it was in the past. My neighborhood used to be in district 6 but was removed without any notification. We have felt jilted over the years not being part of District 6. We reside today on Janis (one block from the District 6 border) and I grew up one block away on Marsha.

Growing up in Willow Glen we all know that Foxworthy is the southern end of Willow Glen. Our family has operated a business on Lincoln Ave for over 40 years. My family has been actively involved on Lincoln Ave and we identify as Willow Glen.

Redistricting provides an opportunity to keep neighborhoods together and in our case can unite a neighborhood that was divided unfairly. Our sense of community is a desire to be represented by one council district. That Council district must contain Lincoln Ave and neighborhoods that support its unique character.

Thank you,

Laura Peak Hoffman
