Subject: District 6

To the redistricting committee:

As a resident of an area of district 6 that is being considered for redistricting I would like to voice my opposition to the plan to move my neighborhood (Mulberry Lane/Linden Oaks) out of district 6 and into district 9. If you are familiar with the neighborhood it should be obvious to you that the inclusion of the neighborhood between Dry Creek road and Curtner in the same district as the rest of Willow Glen makes for a more homogeneous district than other proposed changes. Dry Creek road does not form any natural physical border for the district as Almaden Expressway would, and the nature of the development in terms of age, density and use is much more cohesive across Dry Creek than Almaden Expwy.
