To whom it may concern:

Unfortunately, I am not able to attend tomorrow's meeting (which I just learned about), but am deeply concerned about this proposal. Students south of Curtner attend the same elementary school (Booksin) as those North of Curtner. Curtner has never been considered as a "boundary" of Willow Glen.

I am steadfastly opposed to making Curtner a dividing line of any part of WG. If the Cambrian district needs a bigger population, they should obtain it from the Rubino Circle neighborhood.

Thank you.
