Subject: district 6 boundaries

I live immediately south of Curtner in an old Willow Glen neighborhood in a house built in 1948. My children attended Lincoln Glen Elementary School, now the Willows Senior Center, as well as Willow Glen High School and the then Markham Middle School, now Willow Glen Middle School. Children in this area still attend Willow Glen schools. I would not feel that my interests were being well represented if my area were to be redistricted out of district 6 as I do not feel that I have interests in common with the folks who live in district 9.
