Subject: NO REZONE OF DISTRICT 6

I had some computer issues earlier so am not sure if my previous email was sent out correctly or not. Therefore, I am sending this email once more.

My name is Harry Lim and I oppose this movement to rezone district 6 which is also better known as Willow Glen. I do not want to be rezoned as Cambrian District. We lived here on Booksin Ave for over since 1985 and want to remain as Willow Glen District 6. If you research the history of Willow Glen - it was founded 1865 (<http://www.willowglen.org/about/history.php>) before all of us were born. This makes the history and age of this neighborhood about 146 years old. I can't say the same for Rubino Circle. I would think the obvious answer is to incorporate Rubino Circle into Cambrian District and leave Willow Glen alone.

Sincerely,

Harry Lim
