Subject =District 6

Content = We live in what once was WG and have done so for 30 years.

Our

house is located one block south of Husted, and the last re-districting put us in Dist. 9. I have read the proposals and would agree that the Rubino Circle area should be in 9 and those of us who have long time ties in this area should be once again included in Willow Glen district 6. At this time I feel as if we do not have a voice in what decisions are made re: district 6. Please give consideration to those of us who would like once again to be back in our beloved WG district. Thank you for the opportunity to share our voices. Anita & Hal Calkins
