**Subject:** District 6 redistricting

Hello,

I think you should leave District 6 as is. I say this as a long time resident of District 6 - 45 years. The easiest and least disruptive solution would seem to be to divide the area by Almaden Expressway (the area on the other side of Almaden Expressway between Curtner and Hillsdale) in half; one half going to each District, perhaps the northern half to District 6 and the southern half to District 9.

Thank you for your consideration.

Sandra Feldman
