Subject: District 6 Changes

Dear Commission Members,

I live between Meridian and Booksin...and Dry Creek and Curtner. I understand that you are considering removing this area from District 6. I implore you to seek a different solution to the problem of the population imbalance in the District. Could you not consider moving the areas that created the imbalance since the last census? Our neighborhood has been a part of the District since its inception and we are proud to lay that claim. We are a closely knit community and strongly desire to remain in Willow Glen. I used to live in the Cambrian area, Cherry Avenue and Hillsdale. I saved and sacrificed alot to be able to afford to move a mile away to be a part of Willow Glen. It just doesn't seem fair...just because some high density housing was built. Please do not cut our neighborhood out of Willow Glen.

Claire Collins

San Jose, CA 95125

Wishing you a great day,

Claire
