Subject: PLEASE DO NOT REDISTRICKT WILLOW GLEN 6-9(e), (a), (aa), (aaa)

Hi Pierluigi,

I am writing to you today, in hopes of confirming your support to not redistrict the residents of District 6, living in the area between Curtner and Dry Creek Road. We are very concerned with these discussions and understand there is an alternative to doing this.

I request that you LOCK IN the transfer areas of 6-9(b) and either 6-9(da) or the Rubino Circle area for the final plan. I understand there is not public objection to doing this, and only support.

We have been long time residents of District 6. My children are growing up here, and I am a part of the Willow Glen community. I do not understand why they would consider moving this area out, when there are No Legal requirements to do so. In fact there is another alternative that makes much more sense.

I appeal to your sense of community and doing the right thing for these residents, and ask for your support to not redistrict my community. Please DELETE the transfer areas of 6-9(e), (a), (aa), (aaa) from any proposal, and please do not move us!

Thank you for your support.

Monica Fox
