Redistricting 6

To Whom it May Concern on the Redistricting Advisory Commission,

We live in the Dry Creek area between Leigh Avenue and Meridian. We have been in our home for 26 years and many of our neighbors on this street have lived here that long or longer. I personally have lived in Willow Glen for 50 years. We have always identified with the Willow Glen neighborhood and not that of Cambrian. We feel that this neighborhood would greatly be affected by the redistricting from District 6 to 9. The interests as a Willow Glen community resident would best be represented and served by the Willow Glen council members not those of Cambrian.

Please keep us in the Willow Glen District. We identify with this neighborhood and not that of the Cambrian. We are directly connected to Willow Glen. Dry Creek is a street that runs straight through to Willow Glen High School and it is all a part of our presence and daily routines and lives.

We would like our district to stay together. I suggest you consider working on the area off Highway 85 and Capital Expressway. Thank you for your consideration.

Sincerely,

Susie Brenner
