Attn: Redistricting Advisory Commission:

I am strongly opposed to redistricting the proposed Dry Creek neighborhood into District 9. As a past president and board member of the Willow Glen Neighborhood Assoc I can speak to the incredible spirit and cohesiveness of the Willow Glen community, I'm sure you witnessed it as well during the public hearings over the last few months. This is a group of residents who are extremely involved in preserving Willow Glen and CARE very much who they vote into District 6 office. I was surprised when I read the Dave Fadness quote in the Merc over the weekend, "if he asked his neighbor who their council member is they couldn't really be sure" how sad for that council person. Willow Glen / District 6 residents know our councilmember because WE elected him to represent the Willow Glen area. Pierluigi Oliverio is passionate about our community, he attends our block parties, birthdays, fundraisers, neighborhood watch meetings, etc. He cares very much about the Willow Glen area and that is why we care very much about staying in District 6.

Thank you,

Helen Solinski
