Subject: the redrawing of the D6 boundaries

May 23, 2011

San José Redistricting Commission

Dear Commissioners,

I have lived in Willow Glen for 38 years but in District 6 for only about 10 because I was summarily moved from District 6 (after it was first established) to District 9 (with which I have little in common). My experience so far with District 9 Council members has not been positive. We tried to keep the Toll Brothers development to two stories since the WG neighborhood is one and two story houses but John DiQuisto (District 9) did not listen or chose to ignore the input of the WG neighbors.

I want to be represented by Pierluigi Oliverio, District 6 council person.

I also want you to consider as a higher priority, rectifying the wrong that was done on those of us that live in the area North of Foxworthy and South of Curtner, between Meridian and Almaden Expressway. We were not provided an opportunity for public comment and were deprived of due process when moved from District 6 to District 9. Correct that wrong and move us back to District 6. You can accomplish that by moving the Rubino Circle into D-9 AND taking the area West of Hwy 17 (Hamann Park) out of D-6.
